31 October 2026

Dear Hiring Manager,

I am writing to apply for the Head of Facilities role advertised on your careers page. Over the last eleven years I have run hard and soft services for mixed-use towers, a 210-bed hospital and a university campus in the UAE, and I believe that experience maps directly onto the portfolio you describe.

In my current position I direct 140 technicians across fourteen towers and have held service-level compliance above 99% for three years while reducing reactive work by almost a third. I would bring the same planned-maintenance discipline, and the same care for the people doing the work, to your buildings.

I would welcome the chance to discuss how I could contribute. Thank you for your time and consideration.

Kind regards,
Noor Testwell
